

# Builder

Shanjinur Islam Spondon

April 16, 2018

## 1 Intent

The intent of this design pattern is to move construction logic for an object outside of the class to be instantiated.

## 2 Solved Problems

### 2.1 Children Meal

Description was given the class by Anindya Sir.

**Solution is in the folder**

### 2.2 Phone Builder

**Phone Type-1/Type-2. Type-1 will maximum support 8gb ram and 64 gb storage. type-2 has no limitations. Make a design pattern to solve this problem. Solved using builder pattern attached in the folder**
